

Center of Nutritional Excellence

Florida Hospital Orlando is pleased to offer outpatient nutritional counseling through the Center of Nutritional Excellence. When your patients need guidance from a nutritional expert, seek out a registered, licensed dietitian (RD, LDN) from Florida Hospital. A registered, licensed dietitian plays an important role in their health by guiding them in devising a healthy nutrition plan that fits into their lifestyle and is based on their specific diagnosis.

This service provides your patients with up-to-date nutrition and lifestyle recommendations for their particular diagnosis, along with practical tips for applying these to their everyday life.

Our team of nutritional professionals are registered, licensed dietitians who offer specialized nutritional counseling, for both adults and children, on a variety of concerns, including:

- ▶ Hypercholesterolemia
- ▶ Hypertension
- ▶ Failure to thrive
- ▶ Digestive diseases
- ▶ Food allergies (adults/pediatrics)
- ▶ Cancer
- ▶ Tube feedings
- ▶ Weight loss (adults/pediatrics)

We will review your patient's current eating and lifestyle habits and make recommendations that will help them to manage and improve their health.

To refer your patient to this service, please fill out the attached referral form and fax to (407)303-1573. For questions, please call us at (407) 303-8157.
